# Presidential Ponderings.....

President, Match Director and Safety Officer

Looking ahead toward our local match scheduled for the 17th of January, I'm thinking about having a four stage shoot on the lower range, cranking up a big fire in the heater & setting steel for a stage & then re-shuffle it for the next stage. Only thing that this would require is one trip up to the steel shed to get steel for a stage and we could store it on the lower range until the next shoot. We'd just need a pickup for hauling it. I'd have the loading table close to the west side of the wood burner where a shooter can warm their buns before going to the line. If you'll float this idea in your letter or e-mail & we can get 6-10 people who'd show up I'll hold a match in this fashion. I promise not to paint any targets white & to keep stuff relatively close to facilitate spotting.

One other thing I'm thinking about is starting the shoot at 11AM & finishing by noon thirty to catch a bit more warmth.

**Please contact Ruff Cobb and let him know if you are interested in attending this match coming up on Sunday. He'll start planning the short stages if we can get a half dozen shooters that will commit to showing up. Remember it's an 11AM start & he will keep it short. wardmaggie@mydurango.net 970-247-4386**

December Board meeting was cancelled due to weather conditions.  
We'll get a report to you just as soon as we can!
